Look, and pay attention, if the myth-busters of the box of covetousness can proof the moon flights by a laser reflector that is in position on the moon. Just line your laser to

reflect off the reflector. The myth-busters are liars and that's what's on the **BOX-OF-COVETOUSNESS** to teach our young, and keep you **#ignorant** and a **#slave** to the **#LIE** you **#believe** against **#GOD**.
